Ontario/Baden-Württemberg Summer Research Program 2020

obw.ouinternational.ca

OBW Summer Research Program (SRP)

Participate under supervision
in a research project at a
Baden-Württemberg university
during the summer months

Timing

- 2 or 3 months during the summer

Eligibility

- Canadian citizens or permanent residents
- Undergraduate and graduate students in science, engineering, and health science disciplines

Language competence

- No German-language prerequisite (with agreement of host professor)

Scholarships

- Information unavailable at time of printing

Placements

- Students need to find their own placement — see our website for more details

Credits

- Contact your academic advisor for advice on whether academic credit is possible for the research contribution in Germany

Apply through the
International Office of
your home university
